

Naturejobs is pleased to present a

FOCUS ON GOVERNMENT LABORATORIES

ISSUE DATE:

JULY 31, 2008

DEADLINE FOR ADVERTISERS:

US JULY 24, 2008

UK/EU/ROW JULY 25, 2008

Each job advertisement receives a complementary 60 day posting on naturejobs.com

Government laboratories provide a large number of investigatory, analytical, advisory research and development services to enable government departments to meet their responsibilities for law and order, public health and safety, environmental protection, government revenue and consumers' interests.

The *Naturejobs* Focus on Government Laboratories will be a valuable reference for readers interested in the subject. Whether you are recruiting, creating awareness or positioning your organization, this feature will deliver targeted impact. The Focus is specially labeled and featured at the beginning of the *Naturejobs* section.

- » Advertise in the August issue of any monthly NPG title, including *Nature Biotechnology*, *Nature Medicine* and *Nature Immunology* to receive a 25% discount on the normal rate*
- » Target the perfect candidate online with a Job of the Week advertisement on a NPG journal homepage or eToC alert

*This discount is subject to the same advert running in the July 31 issue of *Nature* and is only applicable on the standard advertising rates of the chosen title when a full price advert has been placed in *Nature*. Booking deadlines apply.
